

SWIPE PLUS

*fancy a bit
more?*

Sometimes there will be premium items on the menu that cost a bit more than one swipe. You can still put your swipe towards these items, but you'll need to top up by adding some of your Dining Dirhams. To help you work out how much you need, you'll see a small Meal Club stamp with a number inside, next to the price. That number tells you how much, in dirhams, you need to pay in addition to a single swipe of your card.

NEWS AND UPDATES

We'll make sure there is plenty of information on where you can find the Meal Club stamp each day on the Student Portal, so log in at any time and we'll help you decide the best place to use your swipe.

NYUAD DINING

We'll post updates about the day's meal deals and specials on Facebook, so if you happen to use the social network, you might want to like our page. We promise not to post too often - we know how annoying it can be!

INTRODUCING... MEAL CLUB

This year's hot topic is Meal Club. When you see some of the delicious dishes you can pick up simply by swiping your card, we're pretty sure it'll be all you talk about!

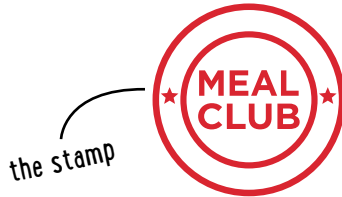

Meal Club is the new way we'll be handling your meal plan allowance, and it comes with a bit of a kick! Instead of just a single buffet each day, you can use your meal allowance in a whole range of places meaning more flavor, more variety and more fun.

The ticket to tingling taste buds is the Meal Club stamp, which we've included in a few different spots in this delightful little book. This stamp is your friend. Wherever you see it you can be sure that one swipe is all you need to enjoy whatever tasty treat it adorns.

You're probably feeling incredibly lucky to have been invited into this exclusive club - and so you should. Not many get the opportunity to exchange swipe for stamp and savor the flavors this special little icon brings.

Ladies and gentlemen...

Welcome to Meal Club.

HOW IT ACTUALLY WORKS

the clever bit

So you know about the stamp, but you need to know where to look for it. You can find it in three main locations:

Fixed Meal Club counters, situated in Campus East and Campus West Restaurants, where you can select whatever you fancy from the buffet and eat as much as you like.

Rotating Meal Club counters, in Campus East Restaurant, add a sprinkling of surprise! Every day a different counter will be allocated to Meal Club, and you can eat as much as you like from that counter.

Meal Club deals, which pop up all over campus in the different eateries. Wherever you see a stamp on a blackboard, that meal will be available for a single swipe on the day.

But Meal Club is an unpredictable beast. Don't be fooled into thinking that you'll only find stamps in the three locations mentioned above. The stamp could pop up anywhere - and we mean anywhere! Stickers on salad boxes, banners next to barbecues, signs on subs... but we might not tell you where to look for stamps. You might just have to find them for yourself!
